

Creating History!

Your challenge is to create **A TIME CAPSULE** to hide/bury at home and rediscover in years to come! It will be a neat thing for you and your family to look back on in say 1 year, 5 years or even 10 years! This could be something that you work on together with your family and add to throughout this week.

To go inside your capsule:

WRITE a letter to yourself and include some of the following information: name, age, friends, school, teacher, favourite things (activities, food, sports, books, games, movies, songs etc.), what you have been doing during lockdown, how you are feeling, what you want to do when you grow up etc.

DRAW a picture of you and your family - don't forget your pets!

TAKE PHOTOS of what you get up to during the week to print and include in your capsule.

MEASURE and record your height and weight, and trace your handprint and footprint.

RECORD today's information - you could include: news headlines, weather, prices of milk, bread, petrol, a Covid-19 update etc.

The capsule itself:

FIND or CREATE a capsule to store everything inside. This could be a jar, container, box or research ideas to make your own creation! Label your capsule with today's date and when to open it.

HIDE or BURY your capsule somewhere in your house or garden. If you are wanting to bury it - be sure it is plastic/glass and airtight!

MAP where you have hidden/buried your capsule for safe keeping!
